**What if I am taking Methadone or Suboxone for opioid dependence treatment?**

Methadone and Suboxone will be accepted at Poundmaker's Lodge Treatment Centres only if your physician has indicated you are on a stable maintenance dose.

We suggest dosing prior to coming in on your admissions day to avoid any delay in receiving your medications.

**What if I am currently on a restricted Medication?** We have 3 suggestions for restricted medications prior to admissions:

- With physician guidance and supervision, you may be able to discontinue the medication for the duration of your treatment. We suggest making a plan with your physician to taper off any medications.
- You can request from your physician an alternative medication that is not on the restricted medication list.
- In the event the physician feels that there is no alternative to the medication, a medical note may be written by the physician stating the reasoning for the medication as well as the length of time on said medication(s).

**The note from the physician must contain the following:**

1. What the medication is used to treat,
2. What dosage the patient is on,
3. What the duration of use is,
4. Statement that there is no alternative medication,
5. What will happen when client is not on this medication,
6. Statement that physician believes this medication would contribute to the client successfully completing Poundmaker's Lodge programming or addiction treatment (it needs to specifically say addiction treatment or Poundmaker's).

**\*\*\* Restricted medications are always on a case-by-case basis and must be approved by medical staff \*\*\***
